HOW WE OPERATE (AUDIT-SAFE SUPPLY MODEL)

End-to-End Sourcing, Quality Control & Local Buffer Warehousing

01 Custom Design & Fabric Sourcing

We translate your corporate, industrial, or hospitality brief into clear garment specs—matching fabric blends, trims, embroidery, and printing options to your operational requirements.

02 Free On-Site Physical Sample & Swatch Visits

Our dedicated sampler & driver visits offices across Dubai, Abu Dhabi, Sharjah, and Ajman with physical garments and fabric swatches before bulk commitment—zero obligation.

03 Strict QC Across Vetted UAE & Overseas Lines

We coordinate production across vetted local UAE and international bulk lines with multi-stage quality inspection—eliminating single-factory bottlenecks while keeping bulk pricing competitive.

04 Ajman Warehouse Buffer Stock & 48h Dispatch

At Plot 207, Shed 7 (New Industrial Area 2, Ajman), we store approved client buffer stock for rapid 48-hour UAE branch dispatch, onboarding kits, and urgent top-ups.

SHOWROOM & WAREHOUSE ENTRANCE
